→ WE ARE LOOKING FOR A

REACT FRONTEND DEVELOPER (m/f/d)

Frankfurt/Main
Germany

Starting ASAP

Permanent & Full-time

→ WE ARE LOOKING FOR YOU

Our outstanding IT department is the core of our company and is primarily responsible for the ongoing development of our platform. In order to further advance the digitization of an entire industry, we are looking for continuous growth in our IT team here in Frankfurt as soon as possible!

Variety in work, a fantastic team creating a fun and motivating environment, flat hierarchies, a steep learning curve, a lot of responsibility, as well as the opportunity to shape the digital future - once you are here, you won't want to leave!

→ AT THINKSURANCE NO TWO DAYS ARE THE SAME! YOUR RESPONSIBILITIES WILL INCLUDE

- Designing and developing high-volume, low-latency web applications, delivering high-availability and performance
- Writing a well-designed, testable, and efficient code
- Ensuring designs comply with specifications
- Supporting continuous improvement by investigating alternatives and technologies and presenting these for architectural review
- Refining the full stack of the website, from CI/CD tooling, to testing automation, building features, running experiments, and monitoring and production support
- Learning and embracing new tech as it evolves

WHAT YOU HAVE

- **Degree in Computer Science, Informatics or a comparable subject, specialized in JavaScript / TypeScript with 3+ years of professional experience**
- Very good knowledge of **React, HTML, and CSS**
- Strong UX and design sensibilities
- Experience in **Webpack, Babel**
- Fluency in **Git, Bitbucket**, and source code management concepts
- Understanding of **web performance** and **page speed optimization techniques** and end-to-end system testing principles
- You would like to work in a **successful team** and **develop yourself personally and professionally**
- You are **curious and self-researching** about new technologies
- Nice to have: **Experience with Node / Express.js, design systems, Microservice architecture, AWS**

WHAT WE OFFER

- **Modern company culture:** Flat hierarchies, quick data-based decisions and the requirement to co-design the company's strategic way forward are our day-to-day
- **Steep learning curve:** With us, you shape, not slave. For most challenges, you will be the first one solving them for our firm. Our highest priority is your personal development. Thus, you will learn daily, receive as much support as you need and have plenty opportunity to reflect on your output with our management
- **Making a difference:** We strive for making a sustainable difference in the sector – this is your opportunity to leave your footprint
- **Attractive compensation:** Free healthy snacks & beverages, team events, fitness classes and German language courses along with an attractive compensation are a given

→ ABOUT THINKSURANCE

Thinksurance is an innovative tech-startup with headquarters in Frankfurt/Main in Germany. We made it our mission to digitize the insurance market and revolutionize how people think about business insurances. Our unique online platform gives customers, brokers and insurers the opportunity to make exhaustive use of digital possibilities such as data driven portfolio management or dynamic pricing. Our goal is to offer innovative technologies, hereby creating win-win-situations for all parties involved. In doing so, we work on the latest trends and set new industry standards, such as through our unparalleled data analytics capabilities and continuous digital process optimization. We are looking forward to having you on board for all this and more!

WE LOOK FORWARD TO RECEIVING YOUR APPLICATION
